A Standard You Can Trust

My name is Dr. Omar Fathi. I am a licensed dentist, and I built Nile Smile Concierge for one reason: medical tourism has a trust problem — and I wanted to fix it.

Too often, patients traveling abroad for dental care are treated as transactions by travel agencies rather than patients by medical professionals. Decisions are made based on profit margins, not clinical viability.

We operate differently. Nile Smile Concierge connects international patients with fully accredited, top-tier dental clinics in Cairo. Every single treatment plan is clinically reviewed by myself and our medical board before you ever book a flight.

We prioritize transparency, evidence-based care, and documented warranties over high-pressure sales tactics. This is not a compromise on your healthcare. It is an upgrade.

We look forward to welcoming you to Egypt.

25 How to Start

Egypt Is Not a *Compromise.* It's an Upgrade.

World-class dental care should not be financially out of reach. In Cairo, premium materials and elite clinical expertise intersect with a lower cost of living, allowing you to access superior care without the inflated markups of North America or the UK.

- **7,000 Years of Medical Heritage** — Building on a legacy of ancient innovation.
- **Elite Education** — Cairo University is ranked in the top 150 globally for Dentistry.
- **Regional Leaders** — Alexandria University ranks #1 in Africa for dental sciences.
- **Global Standards** — Partner clinics hold JCI and/or ISO accreditations.
- **Premium Materials** — Exclusive use of FDA/CE-approved brands like Straumann and Nobel Biocare.
- **Seamless Entry** — Convenient visa-on-arrival for US, Canadian, and UK passport holders.
- **Radical Value** — Save up to 80% compared to clinical fees in the US, Canada, and the UK.
- **Luxury Recovery** — Recuperate in a curated 5-star hotel overlooking the Pyramids.

Redefining Dental Tourism

Nile Smile Concierge is founded and operated by a licensed dentist — not a travel agency.

WHAT WE ARE

- **A Clinical Concierge:** We manage your logistics, but our foundation is medical expertise.
- **Clinically Reviewed:** Every treatment plan is vetted by a licensed dentist before approval.
- **Documented & Transparent:** Written warranties, locked-in prices, detailed aftercare protocols.
- **Patient Advocates:** We represent your health interests first and foremost.

WHAT WE ARE NOT

- **A Travel Agency:** We don't just book flights and hope for the best.
- **A Clinic:** We match you with the best specialist for your specific case.
- **A Marketplace:** We do not sell your leads to the highest bidder.
- **Salespeople:** We will never pressure you into unnecessary treatments.

Our Documented Guarantees

Trust is not built on promises; it is built on documentation.

- **Lifetime Implant Warranty**

Documented in writing. If a premium implant fails due to a manufacturer or surgical defect, clinical re-treatment and component replacement are provided at no cost — at our partner centers in Cairo, Egypt. This warranty does not extend to third-party dental providers outside our network.

- **Written Price Lock**

The price on your final signed treatment plan is the price you pay. No hidden fees, no surprise clinic charges.

- **100% Deposit Refund**

If upon physical examination in Cairo, our specialists determine your case cannot be treated safely, your deposit is refunded in full.

- **Written Treatment Plan**

Fully documented, transparent, and signed by your coordinating dentist before you travel.

- **Documented Aftercare**

Comprehensive medication schedules, dietary restrictions, and emergency protocols provided in physical and digital formats.

- **24/7 Timezone Support**

Our concierges are staffed to support North American and UK timezones, ensuring you always have a lifeline.

Our partner clinics and specialists are recognized by:

GAHAR · ISO 9001 · EGYPTIAN DENTAL ASSOCIATION · RCS EDINBURGH · ITI

Our Founding Patients Program

We chose depth over volume — from day one.

To mark the international launch of Nile Smile Concierge, we are offering an exclusive opportunity for our first 20 patients.

Lifetime 20% Discount

Applied to all clinical treatments for our first 20 Founding Patients.

In exchange for this premier rate, we ask only two things of our Founding Patients:

- Provide a verified, documented testimonial of your clinical journey.
- Share your honest, direct feedback with our team so we can continue to perfect the concierge experience.

Inquire during your Free Clinical Review to check remaining availability.

Seamless Travel Logistics

VISA

Travel to Egypt is straightforward. Passport holders from the US, Canada, UK, and EU are eligible for a Visa on Arrival at Cairo International Airport. The cost is \$25 USD (payable in cash), valid for 30 days.

FLIGHTS

Direct and one-stop flights to Cairo (CAI) are widely available.

- *New York (JFK/EWR): ~10–11 hours (Direct)*
- *Toronto (YYZ): ~11–13 hours (Direct / 1-Stop)*
- *London (LHR): ~4–5 hours (Direct)*

CURRENCY & PAYMENTS

The local currency is the Egyptian Pound (EGP). For clinical payments, we accept major credit cards and wire transfers. We highly recommend using *Wise* for transparent exchange rates with no hidden banking fees.

TRAVEL INSURANCE

We mandate that all patients carry standard travel insurance. We can provide a list of recommended providers who specialize in medical travel coverage.

CONNECTIVITY

Upon arrival, your concierge will provide you with a local Egyptian SIM card pre-loaded with a data plan, ensuring you are immediately connected to your family and our team.

FOOD & DIET

Post-procedure nutrition is vital. We coordinate directly with your hotel's culinary team to ensure soft-food, nutrient-dense menus are available via room service during your recovery days.

Frequently Asked Questions

Q1 · Is Egypt safe for medical travel?

Yes. Egypt welcomed over 19 million tourists in 2025 — a record year. You will be escorted by our private drivers, stay in highly secure 5-star international hotels, and be treated in upscale medical districts like Sheikh Zayed City.

Q2 · Do I need a visa?

Yes, but it is a simple Visa on Arrival for US, Canadian, and UK citizens, costing \$25 USD at the airport.

Q3 · Are your dentists licensed?

Absolutely. Every specialist is strictly vetted, highly credentialed (many with international fellowships), and fully licensed by the Egyptian Dental Syndicate.

Q4 · What if something goes wrong after I return home?

We provide a lifetime warranty on premium implants. Additionally, our 3 telehealth follow-ups catch minor issues early, and we maintain a network of international contacts for local imaging if needed.

Q5 · What implant brands do you use?

We refuse to use budget materials. We exclusively use FDA/CE-approved global leaders, primarily Straumann and Nobel Biocare.

Q6 · Can I combine my treatment with a vacation?

Yes! However, we prioritize your clinical timeline. Sightseeing (like the Pyramids or a Nile Cruise) should be scheduled before your surgery or during late-stage recovery, cleared by your doctor.

Q7 · Does my local insurance cover this?

Most US/CA/UK domestic dental insurance does not cover out-of-country care. However, our cash prices are typically 70–80% lower than your out-of-pocket co-pays back home.

Q8 · What are the risks of implants?

All surgeries carry documented risks. Systematic reviews show a 94.6% overall implant success rate, with peri-implantitis affecting approximately 9.6% of implants. Our prevention protocol includes CBCT-guided planning, premium implant surfaces, and 6-month maintenance intervals. Full written disclosure of risks is provided before treatment.

Q9 · Can I pay in installments?

We require a deposit to secure your clinic time and hotel, with the balance paid in stages during your time in Cairo. We do not currently offer post-treatment financing.

Q10 · What languages do you speak?

Your entire clinical journey, consultations, and concierge services will be conducted in fluent English.
